HEN PARTY @ LOUGH KEY

A hen party at Lough Key will certainly be memorable & definitely unique....

Boda Borg is an indoor puzzle house, which is a unique concept from Sweden, containing fun filled activities, imaginative puzzles and enjoyable tasks. Once you go inside the Boda Borg only team work, ingenuity, trial and error and skills you probably didn't know you had will help you progress from challenge to challenge. There are 47 different challenges some are mental some physical and others are a mix. These challenges are then split into 15 quests. Each quest contains a stamp box and the idea is to try and collect as many stamps as you can in 2hrs.

You break into small groups of minimum 3 people and max 5 people and try to work your way through. The average amount of stamps collected in two hours is 2! Which means you could have done as little as 4 challenges or as many as 10, depending on how well you can work together.

All of this questing will certainly build up an appetite so we have put together a menu of light snacks to round off your fun day.
